

PORTFOLIO SYSTEMS, INC. ANNOUNCES BUSINESS SECURITY GUARANTEE

Innovative Offer Protects Advisors Data In Case Of Business Disruption

HOLLIDAYSBURG, PENNSYLVANIA – February 5, 2007 - Portfolio Systems, Inc. (PSI) a provider of investment management technology products today announced a new enhancement called "Business Security Guarantee." This new initiative provides existing and new clients with immediate access to their data in the event PSI experiences a business disruption.

Bob Yacobucci, PSI President stated, "Many professionals have raised valid concerns regarding data accessibility in the event of a business disruption with their software provider. This is one of the most common concerns we hear among professional as they search for Portfolio Management Software. We've responded to these concerns by creating our unique Business Security Guarantee."

The new Business Security Guarantee is available immediately to all PSI clients. In the event of a business disruption, PSI clients operating PSI's Portfolio Director desktop version will receive a new version of the application. Web-based clients will receive the desktop software to load onto their in-house technology environment so they may continue to operate.

PSI clients will be provided their data in an SQL database format for migration to another vendor if necessary. There is no additional cost for this guarantee. For more information visit www.portfoliodirector.com
